Everytime We Say Hello  
to Some New Encounter  
We're on Our Way  
Toward Goodbye  
Some Distance  
From the Actual Phase  
But Moving Toward it All the Same.  
The Distance Between Those Two Words  
Becomes a Little Less  
As We Grow Older.  
Be Aware Then  
That Tomorrow  
Is Only Tomorrow.  
There Is Nothing to Fear About Tomorrow  
Except the Coming of Another Day  
But Two Against a Winter Morning  
Are Sure to Claim One More Victory  
Over Chance and Trouble

*Yet no matter what, there is always  
the inevitable element of TIME. The four  
years at CLARION seem to each a  
different length of time. Some  
can hardly think where the time  
all went, while others remember counting  
every dragging hour of class.*

The publication of this year's book was definitely a combined effort. My not being on campus first semester could have produced dire problems, but my staff did a terrific job of keeping things together. Each person on the previous few pages deserves more recognition than could ever be given them on one page. Each put in many hours of industrious work and did a fine job. Without them there might not have been a 71 Sequelle. To the many other people who spent time in the yearbook office helping with the little things that needed done go my sincerest thanks. Special thanks go to those in the graphic arts department who designed this year's cover, and helped in so many other ways. Many thanks also go to Mr. Myron Klinginsmith for his patience and his assistance.

'To live a book is a wonderful, exhilarating experience.' Each person who receives a copy of the 1971 Sequelle has lived a portion of it. I hope that you find its contents a memorable account of this experience now and in years to come.

I enjoyed working with the 71 Sequelle, as well as my four years at Clarion. I hope for each of you, that your years at Clarion will be Times worth remembering.

God Bless each of you,  
Kathy

### A TIME

In this busy world there is a time for everything.

A Time for the snow to fall, and a time for it to melt.  
In each there is beauty.

A Time to tear down and a time to build up.  
In each there is a purpose.

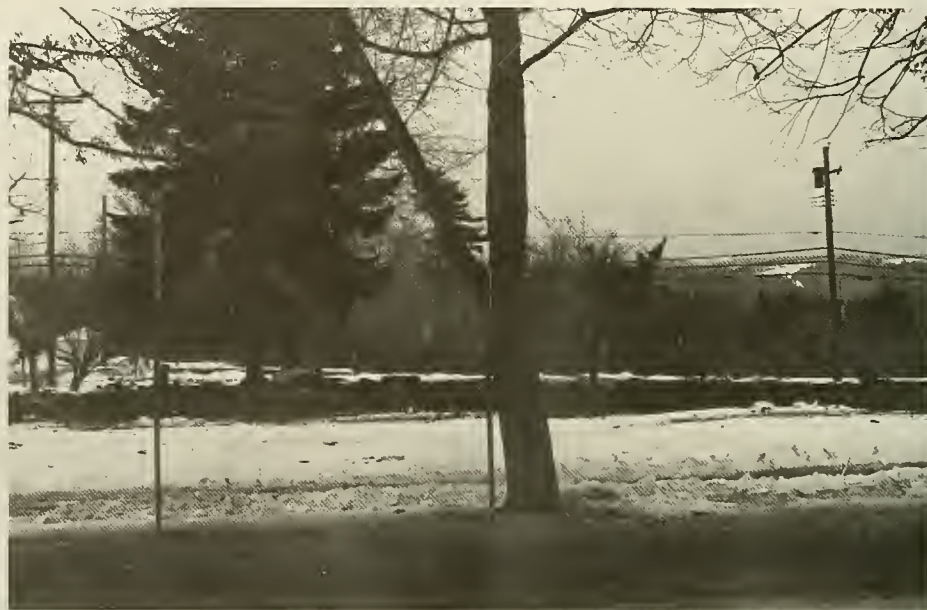

A Time to study and a time to relax.  
In each there is a reward.

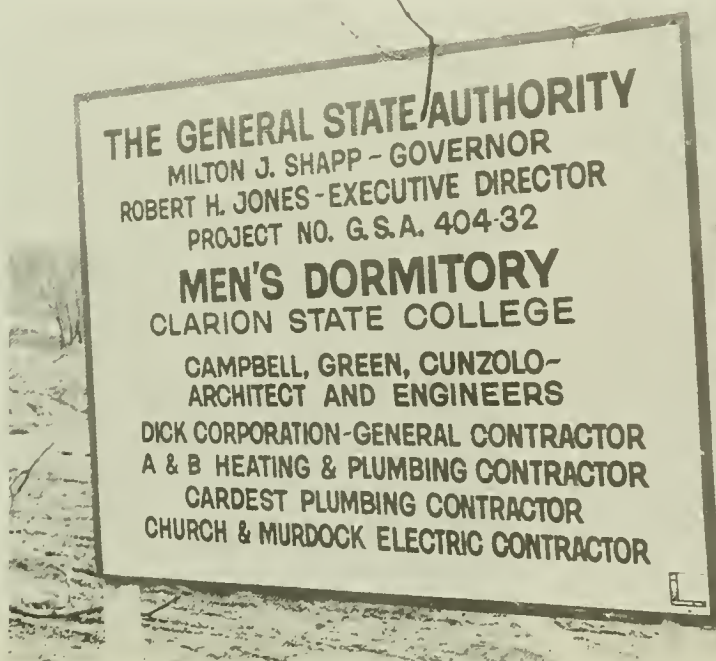

In each there  
is beauty

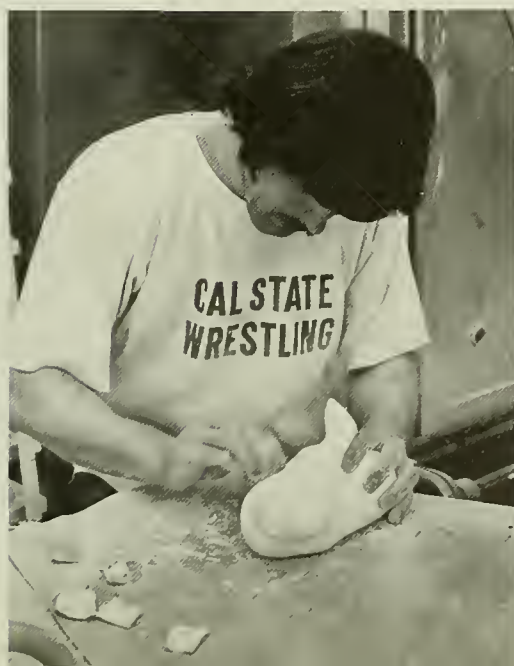

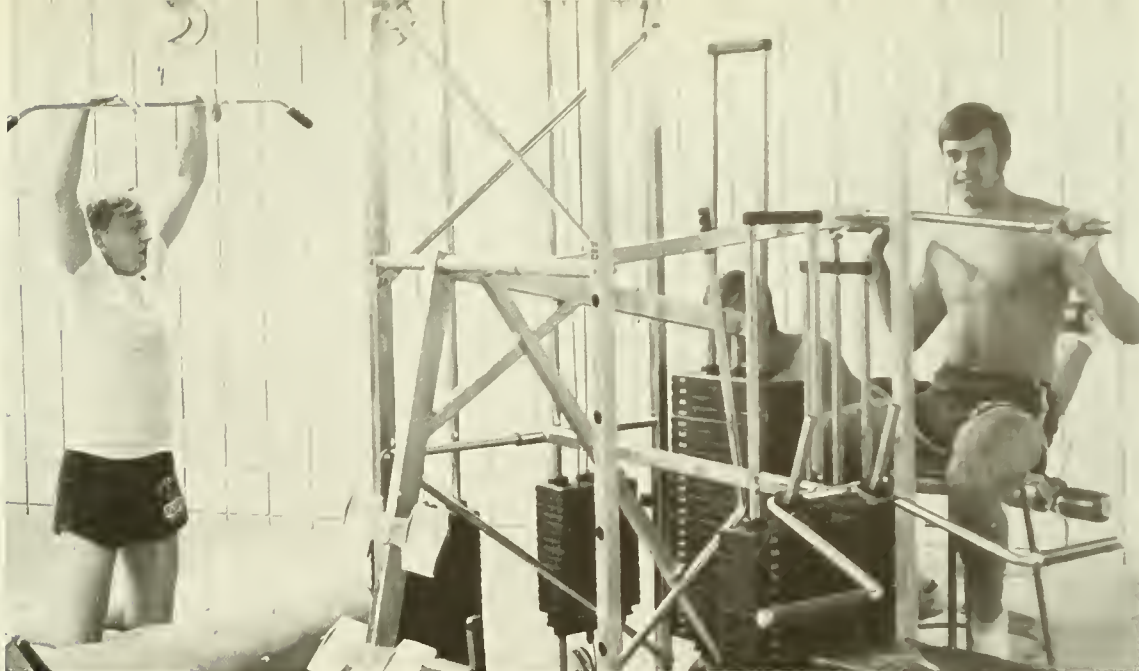

In each there  
 is a purpose

In each there  
is a reward

While at Clarion, each person has a chance to  
experience or observe each of these times.  
With the help of other people, we make it through  
each of them, and share in the joys and  
trials that each can bring.  
We may not see the Beauty, Purpose and Reward of  
each time as it occurs, but some day . . .

LIFE will show the true meaning of these TIMES.

It is our life that moves, and as  
Some move a little faster than others  
Some go it alone while others travel in pairs  
Though each of us is moving toward the same destiny

*Tomorrow*

Tomorrow Will Be Another  
Day  
Tomorrow We'll Realize All  
The Joys That We've  
Shared  
Tomorrow We'll Live in  
Memories

Tomorrow Things Will  
Have Changed  
We'll Learn to Live and  
Love Another Way  
Tomorrow We'll Have  
Changed  
We'll Be Living Another  
Way  
We'll Be Living the  
Life of Today's Joys
